

**JOSEPHINE MEI, M.D.**  
100 W. Market Street, Suite 2  
Louisville, KY 40202  
(502) 587-8000

<b>Personal Data</b>	Citizenship: Marital Status: Children:	United States of America Married – Michael G. Clancey Nicholas and Shannon – 13 years
<b>Education</b>	Stuyvesant High School New York, New York	June 1981
	Johns Hopkins University Baltimore, Maryland	Bachelor of Arts in Biology January 1985
	Univ. of Miami School of Medicine Miami, Florida	Doctor of Medicine May 1989
<b>Postgraduate Medical Training</b>		
Internship and Residency	Montefiore Medical Center Albert Einstein College of Medicine Department of Internal Medicine Bronx, New York	July 1989 – June 1990  July 1990 – June 1992
Clinical Fellowship	University of Louisville School of Medicine Department of Medicine Division of Respiratory & Environmental Diseases Louisville, Kentucky	July 1992 – June 1994
Research Fellowship and Ph.D. Program	University of Louisville School of Medicine Department of Medicine Division of Respiratory & Environmental Diseases Department of Physiology and Biophysics Louisville, Kentucky	July 1994 – April 1996
Ph.D. Program	Indiana University School of Medicine Department of Physiology and Biophysics VanNuys Medical Science Building 374 635 Barnhill Drive Indianapolis, Indiana	July 1996 – July 1997

## Licensure and Certification

Medical License	New York	#184962
	Kentucky	#28958
	Indiana	#01045627
DEA License	BM5799652	
Board Certified in Internal Medicine	1993	
Board Certified in Pulmonary Diseases	1994, 2004	
Hyperbaric Training Certificate	2006	
Board Certified in Sleep Medicine	2009	
ACLS Certification	2009	

## Hospital Privileges

Jewish Hospital	Louisville, Kentucky
Frazier Rehabilitation Institute	Louisville, Kentucky
Clark Memorial Hospital	Jeffersonville, Indiana
Norton Hospital	Louisville, Kentucky
Norton Brownsboro Hospital	Louisville, Kentucky
Kindred Hospital	Louisville, Kentucky

## Professional Organizations

American College of Chest Physicians  
American Thoracic Society, Jefferson County Medical Society  
Kentucky Medical Association

## Honors and Awards

National Merit Finalist, 1979

Emory University – Summer Program Abroad, 1984  
Externship at St. George’s Hospital; London, England

American Lung Association Scholarship, 1986  
Externship at Jackson Memorial Hospital; Miami, Florida

Certificate of Special Achievement, 1993  
University of Louisville; Louisville, KY

*“Pulmonary metastases secondary t alveolar soft part sarcoma  
presenting as persistent cough.”*

Best Slide Presentation at the American College of Chest Physicians  
Scientific Assembly, October 27, 1993; Orlando, Florida  
Awarded \$100.00 cash award

*“Inhibition of endothelium-derived relaxing factor causes microvascular constriction in the  
intact rabbit lung”*

Honorable mention for poster presentation at the 1995 Health Sciences  
Center Student Research Day; November 7, 1995; Louisville, Kentucky

*“Inhibition of endothelium-derived relaxing factor causes microvascular constriction in the intact rabbit lung”*

First place award for presentations of physicians’-in-training competition,  
Section on Chest Diseases and Southern Chapter of ACCP, at the Southern  
Medical Association’s Scientific Assembly; November, 17, 1995;  
Kansas City, Kansas  
Awarded \$500.00 cash award

### **Grant Awards**

*“The modulating effects of endothelin-I in the microcirculation and microvascular resistance in the lung, and its role during ischemia-reperfusion injury”*

Southern Medical Association – Research Project Grant  
Awarded \$2,500.00 grant for July 1, 1994 to June 30, 1995

*“Correlation between nitric oxide-induced changes in microvascular blood flow and airway responsiveness”*

Forrest Pharmaceuticals, Inc. – Foundation for Fellow in Asthma  
Research Grant – Awarded \$5,000.00 grant for July 1, 1996 to June 30, 1997

### **Academic and Professional Experience**

Consultant for the Kentucky Tuberculosis Network, 1993  
Lincoln Trail District Health Department, Elizabethtown, Kentucky

Preceptor in   Sophomore Medical Students Physical Diagnosis Course, 1992-1996  
                  Respiratory Therapy Students Course, 1993-1996  
                  Junior Medicine Lecture Series, 1995-1996  
                  Undergraduate Students Physiology Course, 1996  
                  Core Lecture Series for Internal Medicine Residents, 1996

University of Louisville, Louisville, Kentucky

Consultant for Community Clinical Practices, 1994-1996  
Audubon, Baptist Hospital East, and Suburban Hospitals, Louisville, Kentucky  
Baptist Tri-County Hospital, La Grange, Kentucky

Lecturer

Attending physician for Division of Pulmonary, Critical Care and Occupational Medicine  
Indiana University School of Medicine, Indianapolis, Indiana, 1996-1997

Clinician

Clinician in Internal, Pulmonary, Critical Care and Sleep Medicine,  
Pulmonary and Internal Medicine Associates, 1997-1998  
Kentuckiana Pulmonary Associates, Louisville, Kentucky, 1998-Present  
Jewish Hospital: E-ICU (electronic remote based ICU), Louisville, Kentucky, 2005-2008

Directorship

Medical Director of Frazier Pulmonary Rehabilitation, Louisville, Kentucky, 1998-Present  
Pulmonary Medical Director of Northfield Rehab Ctr, Louisville, Kentucky, 2010-Present

## Hospital Committees

Jewish Hospital:

Previous Chair of Critical Care Committee

Kindred Healthcare:

Previous Chair of Medical Records Committee

## Research

Laboratory Assistant in Biochemistry Laboratory, 1979

Lenox Hill Hospital, New York City, New York

Laboratory Technician in Genetics and Molecular Biology, 1983-1985

Johns Hopkins University, Baltimore, Maryland

## Invited Seminars

*“Direct observation of pulmonary microvascular vasoconstriction in the intact rabbit lung during endothelium-derived relaxing factor inhibition”*

Slide presentation at Columbia-Presbyterian/St. Luke’s/Roosevelt Hospitals;  
October 31, 1995; New York, New York.

## Abstracts and Presentations

*“Is there a gender bias in treatment consideration of spontaneous pneumothorax?”*

Poster presentation at the Kentucky Thoracic Society Scientific Conference on  
Pulmonary Disease; March 19-20, 1993; Louisville, Kentucky

*“Pulmonary metastases secondary to alveolar soft part sarcoma presenting as persistent cough”*

Slide presentation at the American College of Chest Physicians Scientific  
Assembly - October 27, 1993, Orlando, Florida

*“Direct observation of pulmonary microvascular vasoconstriction in the intact rabbit lung during endothelium-derived relaxing factor inhibition.”*

Mei, J. and Roberts, A.M., CHEST 108(3);121S, 1995

Slide presentation at the American College of Chest Physicians Scientific  
Assembly - November 1, 1995; New York, New York

*“Inhibition of endothelium-derived relaxing factor causes microvascular constriction in the intact rabbit lung.”*

Slide and poster presentation at the Southern Indiana Medical Association’s  
Scientific Assembly - November 17, 1995; Kansas City, Kansas

*“Increased pulmonary vascular resistance and tone in small arterioles and venules during nitric oxide inhibition in the intact rabbit lung.”*

Mei, J. and Roberts, A.M., FASEB JOURNAL 10(3):A97, 1996

Poster presentation at the Experimental Biology, 1996 meeting -  
April 14-17, 1996; Washington, D.C.

*“Orientation of red blood cells as they cross the pulmonary capillaries.”*

Nabors, L.K., Erwin, D.C., Baumgartner, W.A., Jr., Mei, J., Wagner, W.W.,  
Jr., and Capen, R.L.

FASEB JOURNAL 11(3):A343, 1997

Poster presentation at the Experimental Biology 1997 meeting;  
April 6-9, 1997; New Orleans, Louisiana
